Career Objective

To obtain a position as a Software Developer in a reputed organization where I can apply my programming and problem-solving skills to build efficient and scalable applications. I am eager to learn new technologies and improve my coding abilities while contributing to innovative projects. I aim to grow professionally and support the organization's success through continuous learning and dedication.

Sasurie College of Engineering , Tirupur

July 2022 - May 2026

B. E. in Computer Science And Engineering

CGPA: 8.26

V.K Government Higher Secondary School, Tirupur

June 2023 - April 2024

HSC(+2)

76 Percentage

Government High School, Tirupur

June 2021 - April 2022

SSLC(10)

62 Percentage

Skills Set

Programming : C, Python, Java(Basic), HTML, CSS, Java Script

Data Tools : Power BI, Tableau, Github, Excel, Vscode, AI tools ,Word

Engineering Concepts: Data Structure, Database Management System, Oops

Soft Skills : Leadership, Team Collaboration, Time Management, Analytical Thinking

Technical Skills : Python, C, Java (Basics), Mern Stack (MangoDB, Express.js, React.js, Node.js)

Areas of Interest

- **Web Development**
- **UI/UX Design**
- **Data Science & Analytics**
- **Data Management using SQL**
- **Blockchain Technology**
- **Artificial Intelligence and Machine Learning**

Internships

Java Development
MIGAL IT SOLUTIONS

Kanchipuram, India
6th Dec 2025 – 23rd Dec 2025

- 1.Developed a Smart Parking Lot System using Java to manage vehicle entry, exit, and parking slot availability.**
- 2.Built a Daily Habit Tracker (Console Application) to help users track and maintain daily habits efficiently.**
- 3.Created an Expense Splitter (Mini Split wise Console App) to calculate and manage shared expenses among users.**

UI/UX Design
Novitech Private Limited

Coimbatore, India
9th Dec 2025 – 9th Jan 2026

- Conducted user research and usability testing to improve user experience**
- Designed wireframes and prototypes using Figma**
- Created intuitive and responsive UI designs for web and mobile**
- Collaborated with developers to implement and refine design solutions**

MERN Stack Development
Novitech Private Limited

Coimbatore, India
9th Dec 2025-9th Mar 2026

- Created CRUD-based projects using MERN stack.**
- Tested APIs using Postman and improved backend functions.**
- Gained hands-on experience in full-stack development**

Roles and Responsibilities

- Participated in hackathons and coding competitions**
- Contributed to team-based projects and collaborative development**
- Volunteered in college technical workshops and seminars**
- Worked as a Team Leader for mini-project development**
- Serving as a Student Coordinator for Placement activities**

At Present 2026

 - Help students in resume preparation**
 - Maintain student data and placement records**
 - Coordinate between students and placement cell**
 - Communicate placement updates to student**

Projects

1. Certificate Verification System

- Developed a system to **verify and manage academic certificates digitally** to reduce fake or duplicate certificates.
- Implemented features for **secure storage and quick verification of certificates**.

2.AI-Based Travel & Event Planner Management System

- Designed an AI-based system to **help users plan trips and events efficiently**.
- Provided **smart recommendations for travel locations, schedules, and event planning**.

3.AI-Based Student Performance Predictor

- Built a machine learning model to **analyze student data and predict academic performance**.
- Helps educators **identify students who need support and improve learning outcomes**.

Achievements & Certifications

Co-curricular

- **Participated in paper presentations across multiple colleges**
- **Actively participated in internal hackathons conducted in college**
- **Secured 1st Rank in my academic(2025-2026)**

Extra-curricular

- **Active member of the college Kho-Kho team, supporting team coordination and performance**
- **Achieved Second Prize in Kho-Kho at the School level**
- **Achieved first price in Seven Stone at the School level**
- **Achieved first price in Story telling at the School level**

Industry offered courses / Certifications

- **Earned an official badge for successfully completing AWS Academy Cloud Architecting.**
- **Earned an official badge for successfully completing Infosys Prompt Engineering.**
- **Successfully completed Digital Skills training under the Naan Mudhalvan initiative.**
- **Completed Generative AI Landscape Certification from Infosys.**
- **Earned Java Programming Certification from SkillUP.**
- **Completed Artificial Intelligence(Beginners)Certification from [hp Foundation].**
- **Received certificates for participation in technical workshops, and hackathons from other college.**
- **Earned Certification from IBM SkillsBuild.**
